(2) *Neck-handerchiefs* are always to be worn except by men employed coaling or refitting. They are to be tied behind the collar, the bight in front being confined by the strings, which, having been first tied together, are to be tied tightly in a bow over the handkerchief, leaving a bight about 3 inches long. The handkerchief should thus be firmly secured to the jumper.

(3) *Knife lanyards* with *knives* attached are to be worn by all men wearing seamen's dress.

(4) *Caps* are always to be worn, except as shown in paragraph 5.

(5) In Ships in harbour and Shore Establishments *Hats* are to be worn: (*a*) with blue clothing during the summer season, weather permitting, on

occasions of ceremony, and on Sundays as ordered by the Senior Officer present; (*b*) always with No. 6 Dress; (*c*) at any time as a protection from the sun, if ordered by the Senior Officer present.

Hats are not to be worn at sea, unless specially ordered as a protection against the sun.

Both hats and caps are to be worn square on the head.

(6) *White caps* or *cap covers* are to be worn with white clothing. They are also to be worn with blue clothing—

(*a*) At Home. From 1st May to 30th September inclusive:

(*b*) Abroad. At the discretion of the Senior Naval Officer present.

(7) *Ribbons* on hats and caps are to be worn with the name straight in front, and tied in a bow over the left ear, in such a manner that the centre of the lettering on the ribbon is over the nose.

The ends of the bow are to be of equal length not exceeding 2 inches in length.

(8) *Jerseys* are to be worn with blue clothing, and with white working dress during cold weather, as directed by the Senior Naval Officer present. [*In England, when once commenced, jerseys should be continued to be worn until about the beginning of April.**]

(9) *Comforters* may be worn in exceptionally cold and raw weather, and during night watches when blue worsted gloves or mitts may be worn. In the daytime comforters are only to be worn when specially ordered, except that individuals may be permitted to wear them temporarily on the Medical Officer's recommendation. They are to be worn as follows: One turn round the throat, and a half hitch, the ends being tucked inside the jumper and trousers.

(10) *Overcoats* may be worn by men on duty or leave in cold or wet weather, the blue jean collar being worn inside.

---

* Discretionary power is given to the Captains of Boys' Training Establishments on this point.

Petty Officers and Leading Seamen, and equivalent ratings, are to wear their badge of rating embroidered in red on their overcoats. No other badges are to be worn.

Coastguard men who are in possession of flushing jackets may continue to wear them in lieu of overcoats, until worn-out.

*(11) All *jumpers* are to be cut down 11 inches, the tapes being rove through a becket 1 inch up from the bottom of opening.

The junction of the sleeve with the body is to be at the point of the shoulder.

(12) *Boots* or *shoes* are to be worn when men are in blue clothing, except when decks are wet, and in hot climates.

Brown canvas shoes, of approved pattern, may be worn on board at the Captain's discretion.

---

* The patterns of jumpers hitherto in force may continue to be worn pending further orders.

(13) *Cycling Dress.*—Men cycling on duty are to wear the Service brown gaiter (to be supplied to them on loan).

(14) *Mourning.*—If men desire to wear mourning for private reasons they are to be allowed to wear a band of black crape, 2 inches wide, and of double thickness, round the left arm, midway between the point of the shoulder and the point of the elbow.

REGULATIONS FOR BADGES OF RATING AND DISTINCTION.

Chief Petty Officers will not wear badges of Rating. The rating is denoted by their wearing distinctive gilt buttons.

Distinctive badges denoting special qualifications or duties are to be worn by them on each side of the collar of the long jacket.

They will not wear good conduct badges.

Engine Room Artificers will not wear any badges.

Petty Officers and Men are to wear the badges denoting rating, good conduct, and special qualifications to which they are entitled, as hereinafter described.

Badges denoting rating are to be worn on the left arm, and those indicating special qualifications or duties on the right arm, in the position described in Sketch No. 11.

The Crown, as the emblem of authority, is combined with all Petty Officers' and Instructors' badges—as well as the Police badges.

All Petty Officers, Seamen, and Marines who are temporarily employed on police or patrol duties, are to wear the police badge on the left cuff whilst actually on duty.

Badges of Rating.

The following are the badges of rating :—

(*a*) Petty Officers—Crossed anchors surmounted by a Crown.

(*b*) Leading Seamen and other Leading Rates—an anchor.

Good Conduct Badges.

Good conduct badges are to be worn on the left arm, the line joining the upper points of the first badge to be 5 inches from the point of the shoulder. (*See* Sketch No. 11.)

The badges are to be hemmed on to a foundation—the gold and red on a cloth foundation, blue on a drill foundation —yellow thread being used for gold badges, red thread for red badges, and blue thread for blue badges.

The edges of the foundation are to be quite plain, and are to be $\frac{1}{8}$ of an inch from the badge.

When more than one good conduct badge is worn, the distance between them is to be $\frac{1}{2}$ of an inch—measured perpendicularly.

Good Shooting Badges.

Good shooting badges are to be worn by all marksmen $1\frac{1}{2}$ inches above the point of the right cuff of No. 1 serge jumpers or from end of sleeve of jumpers without cuffs.

Material for Badges.

All badges worn on cloth and best serge dresses are to be embroidered in gold, those on other serge dresses in red

worsted, and those on white in blue cotton.

Distinguishing Badges. General Remarks.

A star above the badge in every case indicates a man of superior qualifications, and another star below denotes that the man has passed for and is performing certain special duties.

So as not to necessitate all badges being changed when a special qualification is altered, stars are supplied independent of badges, and capable of being sewn on or removed as necessary. Spare crowns are also supplied separately, so that in case of a man being given an Instruction Rating,&c.,the badge already in his possession can easily be altered.

The single gun, torpedo, or rifle, when worn, is always to point away from the body.

WEARING OF MEDALS.

Medals are to be worn at Inspections, on Sundays, and on all occasions of ceremony when jumpers with cuffs are worn.

Medal ribbons may be worn on other occasions.

The ribbons of medals are to be 1 inch in length, unless the number of clasps requires them to be longer, in which case the ribbon is only just to show above the top clasp. When there is more than one medal, the distance between the ribbons is to be $\frac{1}{8}$ inch. The ribbons when worn alone are to be only $\frac{1}{2}$ inch in length and sewn on a cloth attachment close together.

The ribbons of the medals are to be sewn on a foundation of blue cloth, with a canvas stiffening at the back. The foundation is to extend $\frac{1}{2}$ inch on

top and sides as a margin, the bottom to be cut off close to the ribbons. One inch of ribbon is to be sewn on the cloth attachment to allow the medal and clasps with another inch or more of ribbon to overlap the inch sewn to cloth.

Medals or ribbons are to be worn on the left breast, placed in a line $1\frac{1}{2}$ inches below the point of the shoulder. The upper edge of the cloth foundation is to be placed $1\frac{1}{2}$ inches from point of shoulder; the ribbons will then be 2 inches from point of shoulder.

Medals are to be worn "obverse" outwards, commencing with the end furthest from the shoulder:—

(*a*) British decorations in order of seniority (*see* Article 169 of the King's Regulations, 1905).

(*b*) British medals as directed in Article 169 of the King's Regulations, 1906, with war medals in order of date.

(*c*) Foreign decorations in order of date.

(*d*) Foreign medals in order of date.

Medals awarded by a society for bravery in saving human life, if specially authorised to be worn, are to be worn on the right breast, similarly to those on the left, and on the same horizontal line.

NOTE.—*The "obverse" side is that on which the head of the Sovereign is shown.*
